Connect to Horizon using App2Go Citrix Client

Rebecca Tucker - 2026-01-29 - [Horizon VDI](#)

This article applies to the following environments:

| High Security (Black Environment)	Yes
Standard Security (Gold Environment)	Yes, but if you can run a VCU VPN client, **Connect to Horizon using a Web Browser** is more optimal

Open a web browser and navigate to [app2go.vcu.edu](#)

Accept the VCU System Usage Agreement

Enter your credentials (use your *eID@vcu.edu* email and **password**) (or select your **vcu.edu** account)

If prompted, select Detect Workspace

Locate and launch the VCU-Remote Access Desktop
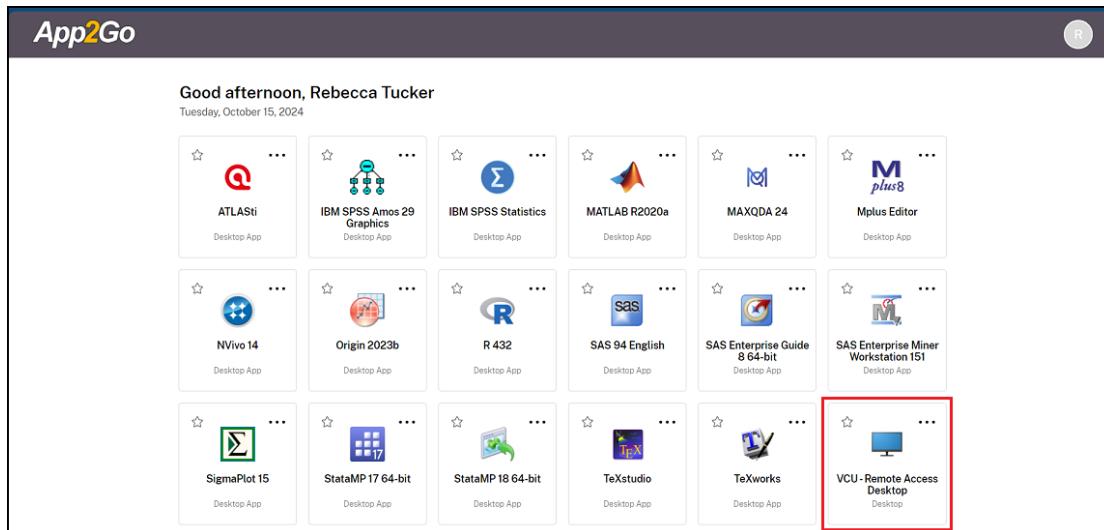

From the desktop, launch the Horizon Client
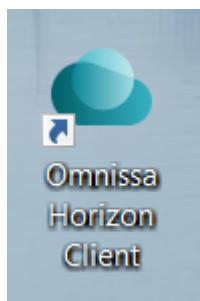

First time logging on? You will need to define a new connection.

Select Add Server
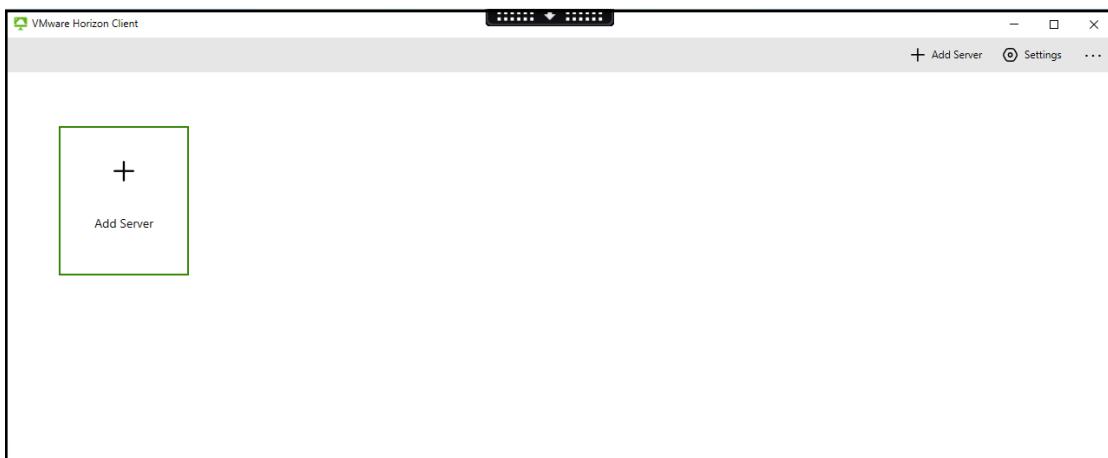

Name of the Connection Server:

Manually type in: **black.horizon.som.vcu.edu** and click Connect
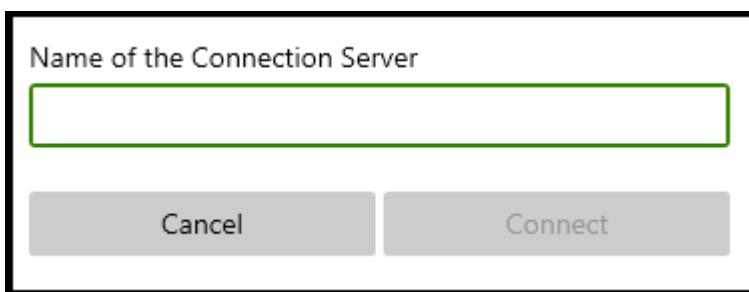

Enter your credentials (use your *eID@vcu.edu* email and **password**) (or select your **vcu.edu** account) to sign in

The Horizon Client opens and allows selection of the appropriate black high-sensitivity environment.

What's next?
