

## Setup Horizon Native Client on a VCU-managed Mac computer

Rebecca Tucker - 2025-12-17 - [Horizon VDI](#)

From the Start menu, find and open "Self Service"

Search for and install the Omnisca Horizon Client

Once the software is run, it will prompt for a connection server

To do so, select Add Server

Name of the Connection Server:

Manually type in: **black.horizon.som.vcu.edu** or **gold.horizon.som.vcu.edu**, depending on your assigned environment and click Connect

Name of the Connection Server

Cancel

Connect

For additional information on logging in, please visit: [Connect to Horizon using the Native Client](#)
